## THE STORY OF ARCHGARD AND THE INSPIRATION OF HEATING

---

### INSPIRATION

Fire has played a vital role throughout history, ensuring our survival. The fireplace has always held a special place in the hearts and homes in North America. It is the focal point of the home and provides the heat, light, and security we all need – especially during those cold winters and long nights with heavy snowfall and icy winds.

### DRIVE

Passion has been the drive behind every fireplace Archgard has built since it was established over 30 years ago. Quality, modern technology, and design has been our recipe for success. Quality was our promise then, and quality is our promise today. Our fireplaces combine old traditions with modern functionality. We create products that give you the same feeling you get while sitting in front of a traditional wood burning fireplace yet satisfies even the most stringent demands for clean combustion. This all leads to the Archgard experience: enjoy your unparalleled flame with a clear conscience.

### AND SO MUCH MORE....

The fireplace is no longer simply a source for heat but rather a central part of our homes. Our fireplaces are designed with clean lines and a focus on providing a perfect flame. We offer a wide range of products and accessories to meet any personal tastes. The result of our endeavors are timeless classics that form a natural gathering point in modern homes.

\* See the manual for more information.

\*\* All units come standard with barrier screens which attach to the door with very little effort.

+ Available with Electronic Ignition or Millivolt Ignition (USA Only).

Customize your fireplace by adding decorative accessories from our range of designer fronts and louvers. Choose from three optional distinct firebox linings: Modeled after brickwork found in La Citadelle de Québec, the Quebec City Grey Brick provides a clean and alternative look while adding some old-world charm. The Quebec City Red Brick maintains that old-world charm while bringing a more traditional look. The robust Eternal Flame Reflective Ceramic Glass liner outlasts the typical porcelain and enhances your fireplace experience by adding an endless flame to the backdrop of your fireplace.
